The scope of the audit is to be pre-agreed between the parties and such audit may include providing reasonable access within normal business hours to the premises, resources and personnel that Veritas use for the Processing of the Customer Personal Data, and Veritas will provide reasonable assistance to assist Customer in exercising its audit rights under this Section. Veritas may in certain circumstances provide a third-party audit report or complete questionnaires rather than permitting Customer itself to audit, where necessary to protect the Personal Data controlled by other customers or where Veritas believes its compliance can be verified in such a manner. Veritas shall notify Customer immediately if it considers that an instruction from Customer is in breach of Data Protection Legislation, and Veritas shall be entitled but not obliged to suspend execution of the instructions concerned, until Customer confirms such instructions in writing.

it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The data importer may not rely on a breach by a sub-processor of its obligations in order to avoid its own liabilities.

- 6.3 If a data subject is not able to bring a claim against the data exporter or the data importer referred to in clauses 6.1 and 6.2, arising out of a breach by the sub-processor of any of their obligations referred to in clause 3 or in clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the sub-processor agrees that the data subject may issue a claim against the data sub-processor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the sub-processor shall be limited to its own processing operations under the Clauses.
- 6.4 Nothing in these conditions excludes or limits the liability of the data importer to a data subject hereunder under Clause 6.2 above.
- 6.5 The data importer's total liability arising in connection with the performance or contemplated performance of the Clauses shall be limited to the amount specified in the limitation of liability clause in the agreement, or where the contracting party to the agreement is a Veritas entity other than the data importer, the liability of both the data importer and the contracting Veritas entity in aggregate shall be limited to the amount specified in the limitation of liability clause in the agreement with that contracting Veritas party.

7. MEDIATION AND JURISDICTION

- 7.1 The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
- (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
 - (b) to refer the dispute to the courts in the Member State in which the data exporter is established.
- 7.2 The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

8. COOPERATION WITH SUPERVISORY AUTHORITIES

- 8.1 The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
- 8.2 The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any sub-processor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.
- 8.3 The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any sub-processor preventing the conduct of an audit of the data importer, or any sub-processor, pursuant to clause 8.2. In such a case the data exporter shall be entitled to take the measures foreseen in clause 5(b).

9. GOVERNING LAW

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

10. VARIATION OF THE CONTRACT

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clauses.

11. SUB-PROCESSING

- 11.1 The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the sub-processor which imposes the same obligations on the sub-processor as are imposed on the data importer under the Clauses. Where the sub-processor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the sub-processor's obligations under such agreement.
- 11.2 The prior written contract between the data importer and the sub-processor shall also provide for a third-party beneficiary clause as laid down in clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in clause 6.1 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the sub-processor shall be limited to its own processing operations under the Clauses.
- 11.3 The provisions relating to data protection aspects for sub-processing of the contract referred to in clause 6.1 shall be governed by the law of the Member State in which the data exporter is established.
- 11.4 The data exporter shall keep a list of sub-processing agreements concluded under the Clauses and notified by the data importer pursuant to clause 5(j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

12. OBLIGATION AFTER THE TERMINATION OF PERSONAL DATA PROCESSING SERVICES

- 12.1 The parties agree that on the termination of the provision of data-processing services, the data importer and the sub-processor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
- 12.2 The data importer and the sub-processor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data-processing facilities for an audit of the measures referred to in clause 12.1.

13. TERMINATION

Should data importer and its group of companies adopt approved Binding Corporate Rules for Processors ("BCRPs"), the terms of this Veritas Customer Data Transfer Agreement shall cease to apply to the relevant transfers of personal data made hereunder, and such transfers shall automatically be deemed to be made subject to the BCRPs instead.
